Dear [Company or team] Hiring Team,

[Open with a real reason you do this kind of work. Connect it to something specific the employer does or wants to build.]

[Describe a relevant client, team or user problem. Explain what you did and what improved. Include a measured result or a concrete sign that people adopted the work when supported.]

[Add a second example that shows a different strength the role needs. Keep the result and your role in it clear.]

[Name the contribution you want to make in this role in one or two sentences.]

Thank you for considering my application.
